

NORTHERN } CONTOURS®

5-PIECE COLLECTION

Frame doors
now available
with clear or frosted
glass inserts!

Our collection of 5-Piece cabinet components features the latest styles & colors to adorn your projects with classic & transitional beauty. With

three construction styles in set profile & color combinations, our 5-Piece products are produced in custom sizes and quantities with many appealing features.

- Profile wrapped stiles & rails in 5-piece construction assure true grain orientation for woodgrain selections and a uniform appearance on the face and back of components.
- Traditional Miter and Shaker Miter, construction available in set colors & profiles. See back of this sheet for more details.
- 5-piece and slab style drawer front options allow for easier design solutions.
- A full line of exact matching accessories in matching 3D Laminate is available to complete your projects: Floating Shelves, Crown Moulding, Frame Doors, and more. 5-Piece frame doors are also now available with clear or frosted glass!

Glass option for US 5-piece production only with extended lead time. Not available out of London facility.

Glass option not available with LEVEL or Wood Veneer frames.
