PERFORMEX

- The PerformEx collection features surface grade 3DL with enhanced durability
- Low-impact surface solutions for Residential & Contract applications: desk tops, closet islands, bench tops, occasional table tops, fixture display surfaces, POP display, and more!

SURFACE PROFILES

did you KNOW?

- Standard and custom surface shapes
- 3D Laminate surfaces have seamless tops and edges, eliminating the vulnerabilities to damage, bacteria, dirt, moisture that can occur with edgebanded HPL surfaces
- 3DL surfaces allow for softer and safer edges, including ergonomic edges for work surfaces
- SmartMatte 3D Laminates can also be used for low-impact surface applications!

— did you KNOW? —

- 5-Piece wrapped components are available in set profiles and colors as noted.
- 5-Piece wrapped doors in woodgrains have “true grain orientation”, meaning the grain patterns flow with the direction of the stiles and rails. This replicates the look of a real wood door with all the added benefits of engineered materials.
- Solid colors & woodgrain patterns have a matching 3D Laminate for complete solutions, like slab drawer fronts, crown moulding, and cabinet Refacing materials. (Follow “3DL” column in back cover chart for full list of options)
- All 5-piece profiles have the option of including clear or frosted glass inserts. *option applies only to 5pc product ordered out of US facilities.

— what is MIXOLOGY? —

With a wide variety of materials, colors, and profiles, NC is your one-stop shop for creating unique two-tone designs! Not only are two tone looks HOT, they also help create personalized designs & spaces.

Mixology is as EASY as...

1. Split color between upper and lower cabinets
2. Bring in a contrasting material or color for an island or floating shelves
3. In Home Organization spaces, use complementary board & front combinations
4. Use other creative combinations that accent tall pantry cabinets, adjacent cabinets, or end panels
